To: Ultraseal Inc.
Attn: Margaret Yekhaman

I just wanted to take a moment to let you know how impressed I have been with the performance of Ultraseal tire treatment. We here at the Parks Department for the City of Glendale have been using your product for many years in our turf vehicles and mowers. To my knowledge we have not had a flat tire with maybe the rare exception of a bad sidewall tear. We want to let you know that we will continue to use Ultraseal for many years to come even though there are other similar products on the market. Ultraseal was outdone the competition in all tests we have done and I have been operating and maintaining equipment for twenty-five years here with the City of Glendale. We also wish to thank you and your competent staff for their support and cooperation. With this successful relationship I know that our combined efforts can only produce quality results.

Sincerely

Frank J. Bellissimo
