ATTENTION: Lisa Lund

Dear Ms. Lund:

Reference is made to our previous conversation regarding Ultra Seal "Tire Sealant."

The City of Detroit, D.P.W. Vehicle Management Division has had a contract with Ultra Seal since 1984. We have used the sealant in tires on our Pick Up, Light, Heavy Duty Trucks, Front End Loaders, Dozers and Bush Hogs.

As a result of the usage of the product there has been an appreciable decline in the number of flat tires encountered throughout the fleet/

Through the years we have tested a number of similar tire sealant products and Ultra Seal Tire Sealant is the best that we have encountered to date.

Respectfully yours,

Richard D. Harwood  
Head Storekeeper
