Dear Ms. Aguirre,

Two years ago I purchased a gallon of your product to protect the tires on my hunting jeep from thorn punctures. I spend most of my free time hunting on two ranches in South Texas. I have tried other "no leak" products over the last twenty odd years and was never totally satisfied until I tried Ultraseal. In two years of running through the worst thorn country imaginable I have not had even one low tire. Thank you for a product that really works.

P.S. Please send me another gallon so I can treat the tires on my work truck.

Sincerely,

Jim Sanders
