Telephone: (24 hours) 0836 738630 - 0443 815512

For Tyres, Exhausts, Brakes & all Mechanical Repairs

24 HOUR BREAKDOWN & RECOVERY SERVICE

With reference to our telephone conversation yesterday, I trust the following is satisfactory.

**TO WHOM IT MAY CONCERN - Ultraseal Tyre Life Extender**

We have been installing this product in motor cycles since February of this year and to date we are very happy with it. We mainly deal with members of the local bike club who have received the product with great interest given its highway rating and safety factor, and they have been quite happy to pay around £20-£25 depending on their tyre sizes. We have not incurred ANY balance problems which is especially important.

In short, we have been more than happy to promote this product to the motorcycle sector, and will remain to do so, especially as you now produce the do-it-yourself bottle.

Kindest regards

Yours sincerely
